TALKING OVER OFFICES.

The President and Secretary Windom Hold an Important Conference—Other Capital Notes.

WASHINGTON, April 11.—The president and Secretary Windom had a long conference at the executive mansion yesterday evening about filling offices in the treasury department. Secretary Windom recommends such men as he wants and the president approves or disproves, and in the latter case touches upon the new men.

It is understood that the president will in this manner first finish up the treasury department, then go through the other departments in the same systematic manner. The appointments of some of the comptrollers and auditors are therefore expected soon. President Harrison, it is said, looks upon this as a business like scheme for filling important department offices.

The published report that Col. Henry M. Duffield, of Detroit, has been selected for attorney general of the department of justice is discredited by many here. The *Post* this morning reports Attorney General Miller as saying that Colonel Duffield has not only not been selected, but that the matter has not yet been considered. Solicitor General Jenks has been requested and has consented to remain in the office until the adjournment of the present term of the supreme court.

The trial of Major George A. Armes, the retired army officer who assaulted Governor Beaver, of Pennsylvania, began before a court martial at the war department this morning.

Secretary Noble has written a letter to the attorney general requesting him to suspend all action, either civic or criminal, against E. L. Bonner and others, owners of what is known as the Montana Improvement company, now the Missouri Mercantile company, and the Northern Pacific railroad company for timber trespass in Montana. The amount of lumber involved is placed at 40,000,000 feet.

Lieutenant Buckingham, of the navy department at Berlin, but now at London, has been ordered to assist the Somoan commission at Berlin. Lieutenant Harker, of the navy, has been ordered to accompany the commissioners when they sail on the 13th inst.

FIREMEN LAID LOW.

Fifty Members of the Milwaukee Department Overcome by Suffocating Smoke.

MILWAUKEE, Wis., April 11.—Half the members of the Milwaukee fire department were placed hors de combat last night by a fire at Sanger & Rockwell's wood-working establishment.

The men while fighting the fire were one after another overcome by the dense smoke, and were carried away almost suffocated. Fifty men were laid out and it looked as if there might be many deaths. The loss by the fire is $30,000.

He is in America.

NEW YORK, April 11.—Thos. Walsh, one of the men on whose promise of startling revelations and indiscriminate documents, Sir Richard Webster relied to prove his case against Mr. Parnell and his colleagues is now in this city. He slipped away from London the night before he was wanted, and Mr. Soarus, the solicitor, has been looking for him ever since.

He Wanted Money.

LIMA, Ohio, April 11.—Tuesday night James Webster, of Detroit, alighted from a train for lunch, leaving his valise, containing $15,000 in notes, contracts and other papers in a seat. While he was gone James Klein, a painter, stole it and had it in a saloon near by and was going through the contents when he was arrested. The papers were recvoered.

A Wabash Tough Corraled.

WABASH, April 11.—Last night Bert Douglass, a well-known local tough, was arrested for the robbery of the Wabash depot ticket office last Thursday night. Douglass virtually confessed his crime. He has been spending money freely for several days. The officers think they have discovered a clew to extensive thieving operations.

Mary Anderson.

QUEENSTOWN, April 11.—Miss Mary Anderson, who is on board the steamer Germanie, which arrived here to-day, says that her trip has done her much good and that she is better than when she left New York.

The Buffalo Strike.

BUFFALO, N. Y., April 11.—The strike of the journeymen carpenters for an eight hour day is not progressing favorably. A big meeting of strikers and mill hands is called for to-night.

IT BEATS THE RECORD.

Fort Wayne is Enjoying a Big Boom in Every Direction.

"I have been in the real estate business for twenty years," said Mr. S. C. Lumbard, "and never have the inquiries for property and activety in real estate equalled the present, and still there has been no material advance in prices."

The sales yesterday were heavy, the largest being to Mrs. J. H. Bass, of property out on East Wayne street.

The record is as follows:

THE CATHOLICS

Will Have an Elaborate Observance of Washington's Inauguration.

The observance of April 30, promises now to be general. The Morton club will give an elaborate reception, the G. A. R. and military organization will pursue patriotic programs.

The Catholics will have services in all the churches, as the circular from Rt. Rev. Bishop Dwenger to the clergy of his diocese evidences:

FORT WAYNE, Ind., April 10, 1889.

Very Rev. and Rev. Dear Sirs:

On the 30th of this month it will be one hundred years since the inauguration of George Washington, the first president of this republic.

In connection with the observance of this centennial the president of the United States has, in a beautiful spirit, requested that religious services be held on that day in "thankfulness of the people for all our blessings in the past, and a devout supplication to God for their continuance in the future."

We Catholics especially have many and great reasons to thank Almighty God for His blessings bestowed upon us, and we have every reason to pray God to bless and preserve our glorious country.

I therefore desire that all priests, where it is possible, should celebrate a high mass that day, with the oratio in gratiarum actione as imperata in re gravi. Yours in Xt.,

† JOSEPH DWENGER,
Bishop of Fort Wayne.

INCREASED HIS SALARY.

The Baptists Add $300 to the Salary of Their Pastor.

Last night, at a business meeting of the congregation of the First Baptist church, it was unanimously voted to increase the salary of their pastor, Rev. S. A. Northrop, $300. This is the second time his salary has been increased within a short time and is an indication of the esteem in which he is held by his people. His salary is now $2,100.

Pastor Northrop is one of the most brilliant ministers in the city and is an untiring worker in the vineyard of the Lord. His audiences for Sunday services are so large that the church is unable to hold them and for this reason, the congregation will this summer add largely to the capacity of the audience room and will make many other improvements in the church edifice.

A PRETTY WAITER GIRL.

Skips to Ireland With a Married Hotel Clerk Where They Want to Wed.

GRAND RAPIDS, April 11.—Quite a sensation was created here yesterday by the receipt of a cablegram by Father Pulcher, of St. James church, from a priest in Ireland asking if John Rock and Annie Crane could be legally married in Ireland. Annie Crane, was until she left for Ireland, about the first of March, a table waitress at the Eagle hotel, and up, to about the first of the year, Rock had been night clerk.

It was noticed during his stay at the hotel that he seemed infatuated with the girl, although he had with him during his employment at the house, his wife, an estimable woman. After leaving the hotel Rock and his wife went back to Hastings and he remained there until about the time the Crane girl started to visit Ireland, when he left Hastings and nothing more was heard of him until the cablegram gave a trace of his whereabouts.

A STARTLING CASE.

Supposed to be Dead He is Brought to Life Again.

VICTORIA, B. C., April 11.—Mr. Dunsmuier, premier of British Columbia, has been seriously ill for some days. Yesterday morning he was discovered in a comatose condition, and physicians when summoned, pronounced him dead. The usual means of restoring respiration were tried, however, and were finally successful. Last evening the patient was much better, and it is believed he will recover.

An Interesting Case.

LINCOLN, Neb., April 11.—The supreme court decided a case yesterday of unusual interest to grain dealers and dealers in options. It was a suit brought by a Chicago broker against a Nebraska speculator on a note given to cover margins. The court held that where there was no intention of the parties to purchase and receive the grain and no intention of the sellers to deliver the same, no recovery could be had on the contract. In considering such a contract, although the outward forms of law may have been complied with, yet where the defense is that the contract is a wagering one and not intended for the actual sale and delivery of property, it is the duty of the courts to go behind the contract and examine the facts to ascertain its true character.

A Peculiar Death.

ANSONIA, Conn., April 11.—At 8 o'clock, last night, as an electric car was approaching the railroad track in Derby, John Lyons, aged fifty, of Newton, attempted to cross in front of it. His juglar vein was severed, and the electrical current passing through his body, killed him almost instantly.

Later—Mrs. Hart died at noon.

Mrs. Friend.

NEW YORK, April 11.—May 13 was today set as the date for the trial of Mrs. Friend and the other alleged swindlers of electric sugar refining notoriety.

CINCINNATI, O., April 11.—Further developments in the murder of Abram Ferber, a shoemaker, at Morning View, Ky., indicate that the wife is guilty of all, and that the story she told about a stranger committing the deed was false. The woman has been re-arrested.

LANSING, Mich., April 11.—The house yesterday passed the bill making it a misdemeanor, punishable by fine and imprisonment, to manufacture, or sell, give or deliver, cigarettes of any kind of tobacco, or cigarette paper in books or blocks for wrapping cigarettes.

The little toddler was in his mother's arms and exhibited as the only evidence in the case a black and swollen eye.

Mr. Hagan was sixty-six years old and never had the services of a doctor in his life. Mr. Hagen's son and a brother reside in this city.

EATON RAPIDS, MICH.

J. M. LOOSE RED CLOUD CO., Detroit—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing rapidly worse, being by this time completely blind, and in their diagnosis concluded that there was no earthly hope for me, I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract Red Clover. As he had known of it working remarkable cures. I told him I had lost hope, that nothing would do me any good in this world, he insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles and it is wonderful how I improved. I continued using it, and today I am better than I have been in years. No sign of Erysipelas has shown itself and I heartly recommend it to suffering humanity as the greatest and best blood purifier in existence.
Yours Truly,
HENRY MARVIN.

DISEASES OF HORSES.

The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produces hide-bound, swollen limbs, stairing, or dead like coat of hair, and loss of appetite. Their teeth being in irregular shape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary leasions to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on their teeth. POND'S

EXTRA

1ST.

LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.

GENTS: POND'S EXTRACT has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children.
Very truly yours,
Nov. 30, '87. JAMES A. BEAVER.

The Governor of New Jersey.

DEAR SIR: I have for many years used POND'S EXTRACT, and have derived great benefit and relief therefrom. Yours truly,
Dec. 5, '87. R. S. GREEN.

The Lt.-Governor of Illinois.

GENTLEMEN: POND'S EXTRACT has long had a place in the medicine chest of my family. I assure you that we have found it a ready and valuable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH,

POND'S EXTRACT is invaluable for all kinds of Pain, Inflammation and Hemorrhages.

Excellence invites imitation. Beware of worthless imitations of POND'S EXTRACT.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

A second attempt was made Tuesday night at Louisville, Ohio, to wreck the vestibule train on the Pittsburg, Fort Wayne and Chicago railroad. Ties were strapped to the track. An employe of the road discovered the obstruction just before the train was due. He was unable to remove the ties and started east to stop the train. He had no signal, but finding a newspaper in his pocket ignited it, and by waving it over his head brought the train to a stand still, and thus prevented a serious catastrophe.

EAST YARD GOSSIP.

An average of 740 cars per day were handled in the yards last week. This is very fair business for this season of the year.

The east yard office sports a toilet supply outfit furnished by a city laundry for one dollar per month, and said dollar is supplied by divers persons of the office—when they can supply it. The pleasant and urbane agent called yesterday for the necessary lucre. He was seen coming up Walton avenue by Harry Gilbert, who happened to think he wanted to look up a car record in a book stored in the attic and immediately climbed up the ladder and was obscured from view for an indefinite time. The other clerks did not fare so well, so had to face the music or in other words, "stand him off." Frank Walker offered to put up his watch, but as the Waterbury is so small and barely visible to the naked eye on a cloudy day, the agent would'nt have it. However, after considerable persuasion, he was induced to extend the time till the 17th, on account of it being more convenient on general principles.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

WASHINGTON, April 10.—Mr. Walker Blaine had a consultation this morning with Secretary Tracy and Commodore Walker concerning the Samoan agreement, and a cable dispatch was sent to the commander of the Richmond, now off the coast of Brazil, countermanding her orders to go to Samoa.

BAD COMPLEXIONS.

The Secret of Their Cause Fully Explained—Why Ladies are Sallow and Men Pallid—Some Valuable Facts on the Subject.

In passing along the leading streets in almost any city in America to-day, one will meet with but few ladies who have clear complexions. Many persons have tried to account for this sad fact because of the severe climate of America, but such reasoning is wrong. A bad complexion is caused by impure blood, and no lady can be really beautiful and no man ruddy, who has diseased or impure blood.

The best known way of keeping the blood pure is by keeping it circulating. In this way it passes rapidly through the lungs, kidneys and liver, and is constantly purified. But supposing the system is clogged up as is frequently the case, then of course the blood becomes impure. Then far too often men and women take some powerful purgative, pill or other substance, that clears the body quickly, weakens the strength, and leaves the system in worse condition than before. The only sensible way is to take a gentle, pure and natural purgative, moderately but regularly, and the highest known medical authorities of the day agree that the genuine imported Carlsbad Sprudel Salt is infinitely superior to any other natural preparation known to the world. It is gentle, yet stimulating; it is pure, yet powerful. Containing only natural properities, being evaporated from the celebrated Carlsbad Sprudel spring, it cannot injure the body in the least, and yet it has never failed to renew life, purify the blood and thus clear the complexion. Hundreds of doctors have given it their unqualified endorsements; thousands of people go each year to the Carlsbad Springs, but they can obtain no greater benefit than by taking the Carlsbad Sprudel Salt in its powdered form, such as can be procured at any drug store in the land. When it is considered that the Carlsbad Salt costs, practically, little more than the cheap, questionable and often injurious Salts, purgatives and Bitter Waters that are in the market, one bottle being sufficient for nearly a month, all persons who keep pace with the times and desire only what is best, will see that it is to their interest to use only the Carlsbad. Each bottle is in a light blue paper cartoon and has the signature Eisner & Mendelson Co., sole agents, on every bottle. One bottle mailed upon receipt of one dollar. Dr. Toboldt's lecture and pamphlets mailed free upon application. Eisner & Mendelson Co., 6 Barclay St., New York.

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER.

TALKING OVER OFFICES.

The President and Secretary Windom Hold an Important Conference—Other Capital Notes.

WASHINGTON, April 11.—The president and Secretary Windom had a long conference at the executive mansion yesterday evening about filling offices in the treasury department. Secretary Windom recommends such men as he wants and the president approves or disproves, and in the latter case touches upon the new men.

It is understood that the president will in this manner first finish up the treasury department, then go through the other departments in the same systematic manner. The appointments of some of the comptrollers and auditors are therefore expected soon. President Harrison, it is said, looks upon this as a business like scheme for filling important department offices.

The published report that Col. Henry M. Duffield, of Detroit, has been selected for attorney general of the department of justice is discredited by many here. The *Post* this morning reports Attorney General Miller as saying that Colonel Duffield has not only not been selected, but that the matter has not yet been considered. Solicitor General Jenks has been requested and has consented to remain in the office until the adjournment of the present term of the supreme court.

The trial of Major George A. Armes, the retired army officer who assaulted Governor Beaver, of Pennsylvania, began before a court martial at the war department this morning.

Secretary Noble has written a letter to the attorney general requesting him to suspend all action, either civic or criminal, against E. L. Bonner and others, owners of what is known as the Montana Improvement company, now the Missouri Mercantile company, and the Northern Pacific railroad company for timber trespass in Montana. The amount of lumber involved is placed at 40,000,000 feet.

Lieutenant Buckingham, of the navy department at Berlin, but now at London, has been ordered to assist the Samoan commission at Berlin. Lieutenant Harker, of the navy, has been ordered to accompany the commissioners when they sail on the 13th inst.

FIREMEN LAID LOW.

Fifty Members of the Milwaukee Department Overcome by Suffocating Smoke.

MILWAUKEE, Wis., April 11.—Half the members of the Milwaukee fire department were placed hors de combat last night by a fire at Sanger & Rockwell's wood-working establishment.

The men while fighting the fire were one after another overcome by the dense smoke, and were carried away almost suffocated. Fifty men were laid out and it looked as if there might be many deaths. The loss by the fire is $30,000.

He is in America.

NEW YORK, April 11.—Thos. Walsh, one of the men on whose promise of startling revelations and indiscriminate documents, Sir Richard Webster relied to prove his case against Mr. Parnell and his colleagues is now in this city. He slipped away from London the night before he was wanted, and Mr. Soarus, the solicitor, has been looking for him ever since.

He Wanted Money.

LIMA, Ohio, April 11.—Tuesday night James Webster, of Detroit, alighted from a train for lunch, leaving his valise, containing $15,000 in notes, contracts and other papers in a seat. While he was gone James Klein, a painter, stole it and had it in a saloon near by and was going through the contents when he was arrested. The papers were recovered.

A Wabash Tough Corrated.

WABASH, April 11.—Last night Bert Douglass, a well-known local tough, was arrested for the robbery of the Wabash depot ticket office last Thursday night. Douglass virtually confessed his crime. He has been spending money freely for several days. The officers think they have discovered a clew to extensive thieving operations.

Mary Anderson.

QUEENSTOWN, April 11.—Miss Mary Anderson, who is on board the steamer Germanic, which arrived here to-day, says that her trip has done her much good and that she is better than when she left New York.

The Buffalo Strike.

BUFFALO, N. Y., April 11. The strike of the journeymen carpenters for an eight hour day is not progressing favorably. A big meeting of strikers and mill hands is called for to-night.

IT BEATS THE RECORD.

Fort Wayne is Enjoying a Big Boom in Every Direction.

"I have been in the real estate business for twenty years," said Mr. S. C. Lumbard, "and never have the inquiries for property and activity in real estate equalled the present, and still there has been no material advance in prices."

The sales yesterday were heavy, the largest being to Mrs. J. H. Bass, of property out on East Wayne street.

The record is as follows:

Gustavus D. Bayless to Wm. Hickman, lot 175, Archer's addition, for $1,200.

Thomasetta Skinner to John Forbing, lot 9, Hanna's addition, for $3,000.

William Hollenbeck to build a summer house on lot 418, Hanna's addition, to cost $200.

C. Berleman to move a house from lot 25, Ewings addition, to lot 41 Archers addition.

THE CATHOLICS

Will Have an Elaborate Observance of Washington's Inauguration.

The observance of April 30, promises now to be general. The Morton club will give an elaborate reception, the G. A. R. and military organization will pursue patriotic programs.

The Catholics will have services in all the churches, as the circular from Rt. Rev. Bishop Dwenger to the clergy of his diocese evidences:

FORT WAYNE, Ind., April 10, 1889.

Very Rev. and Rev. Dear Sirs:

On the 30th of this month it will be one hundred years since the inauguration of George Washington, the first president of this republic.

In connection with the observance of this centennial the president of the United States has, in a beautiful spirit, requested that religious services be held on that day in "thankfulness of the people for all our blessings in the past, and a devout supplication to God for their continuance in the future."

We Catholics especially have many and great reasons to thank Almighty God for His blessings bestowed upon us, and we have every reason to pray God to bless and preserve our glorious country.

I therefore desire that all priests, where it is possible, should celebrate a high mass that day, with the oratio in gratiarum actione as imperata in re gravi. Yours in Xt.,

| JOSEPH DWENGER,
Bishop of Fort Wayne.

INCREASED HIS SALARY.

The Baptists Add $200 to the Salary of Their Pastor.

Last night, at a business meeting of the congregation of the First Baptist church, it was unanimously voted to increase the salary of their pastor, Rev. S. A. Northrop, $800. This is the second time his salary has been increased within a short time and is an indication of the esteem in which he is held by his people. His salary is now $2,100.

Pastor Northrop is one of the most brilliant ministers in the city and is an untiring worker in the vineyard of the Lord. His audiences for Sunday services are so large that the church is unable to hold them and for this reason, the congregation will this summer add largely to the capacity of the audience room and will make many other improvements in the church edifice.

RUSSIA'S CZAR!

A Rumor of an Attempt on His Life—Heavy Gales on the Spanish Coast.

PARIS, April 11.—A rumor was current on the bourse this morning that an attempt had been made upon the life of the czar. The report has not yet been confirmed.

Seventeen Boulangist's will be indicted by the senate. They will deny the senate's right to try them.

A PRETTY WAITER GIRL.

Skips to Ireland With a Married Hotel Clerk Where They Want to Wed.

GRAND RAPIDS, April 11.—Quite a sensation was created here yesterday by the receipt of a cablegram by Father Fulcher, of St. James church, from a priest in Ireland asking if John Rook and Annie Crane could be legally married in Ireland. Annie Crane, was until she left for Ireland, about the first of March, a table waitress at the Eagle hotel, and up, to about the first of the year, Rook had been night clerk.

It was noticed during his stay at the hotel that he seemed infatuated with the girl, although he had with him during his employment at the house, his wife, an estimable woman. After leaving the hotel Rook and his wife went back to Hastings and he remained there until about the time the Crane girl started to visit Ireland, when he left Hastings and nothing more was heard of him until the cablegram gave a trace of his whereabouts.

A STARTLING CASE.

Supposed to be Dead Man is Brought to Life Again.

VICTORIA, B. C., April 11.—Mr. Dunsmuir, premier of British Columbia, has been seriously ill for some days. Yesterday morning he was discovered in a comatose condition, and physicians whom summoned, pronounced him dead. The usual means of restoring respiration were tried, however, and were finally successful. Last evening the patient was much better, and it is believed he will recover.

An Interesting Case.

LINCOLN, Neb., April 11.—The supreme court decided a case yesterday of unusual interest to grain dealers and dealers in options. It was a suit brought by a Chicago broker against a Nebraska speculator on a note given to cover margins. The court held that where there was no intention of the parties to purchase and receive the grain and no intention of the sellers to deliver the same, no recovery could be had on the contract. In considering such a contract, although the outward forms of law may have been complied with, yet where the defense is that the contract is a wagering one and not intended for the actual sale and delivery of property, it is the duty of the courts to go behind the contract and examine the facts to ascertain its true character.

A Peculiar Death.

ANSONIA, Conn., April 11.—At 8 o'clock, last night, as an electric car was approaching the railroad track in Derby, John Lyons, aged fifty, of Newton, attempted to cross in front of it. Engineer Tully attempted to slow up, but Lyons was caught between the car wheel and the rails. His jugular vein was severed, and the electrical current passing through his body, killed him almost instantly.

Victims of the Wreck.

CHICAGO, April 11.—The doctors at the Mercy hospital this morning say they have but little hope for the recovery of Mrs. Hart, who was injured in the Santa Fe disaster yesterday. The other patients, Mr. Hart, Henry W. Lamb and Brakeman Palmer, are doing as well as can be expected.

Later—Mrs. Hart died at noon.

Mrs. Friend.

NEW YORK, April 11.—May 13 was to-day set as the date for the trial of Mrs. Friend and the other alleged swindlers of electric sugar refining notoriety.

General Longstreet's Loss.

ATLANTA, Ga., April 11.—General James Longstreet's residence, in the eastern portion of Gainesville, was destroyed by fire yesterday. Loss, $10,000.

Twenty-Five Killed.

SIDNEY, N. S. W., April 10.—By an explosion in the Erin pit, at Castrop, yesterday, twenty-five persons were killed.

A LIVELY TOWN.

It Has a Murder Trial and a Suicide.

URBANA, Ohio, April 11.—The trial of Stewart Tuck for murdering his brother ended at noon to-day by the defendant pleading guilty of manslaughter.

Emma Van Pelt, aged twenty, shot herself fatally in the breast this morning, on account, it is alleged, of her father's mistreatment.

Murdered by His Wife.

CINCINNATI, O., April 11.—Further developments in the murder of Abram Ferber, a shoemaker, at Morning View, Ky., indicate that the wife is guilty of all, and that the story she told about a stranger committing the deed was false. The woman has been re-arrested.

Foolish Smoking.

LANSING, Mich., April 11.—The house yesterday passed the bill making it a misdemeanor, punishable by fine and imprisonment, to manufacture, or sell, give or deliver, cigarettes of any kind of tobacco, or cigarette paper in books or blocks for wrapping cigarettes.

Wrecked Vessels.

NORFOLK, Va., April 11.—The British steamship, Wylo, from Philadelphia to Havana with coal, is in the lower roads with a rudder gone and other serious damages. She was caught in Saturday's and Sunday's storm. Many other wrecked vessels are reported.

A Free Man Again.

JOLIET, April 11.—"Farmer" McClaughrey was formally released from custody at the penitentiary yesterday and is now a free man.

The Weather.

WASHINGTON, April 11.—Indiana—Fair; slightly warmer; southerly winds.

A SLING SHOT.

A Little Child Almost Blinded From a Blow.

This morning, Walter Geake, a boy thirteen years old, was arraigned in Justice Franen's court, on a charge of assault and battery on little Sammy Headford, a child one year and a half old.

The little toddler was in his mother's arms and exhibited as the only evidence in the case a black and swollen eye.

Geake hit him with a sling shot and almost blinded the child. It cost him $12 in all.

LOCAL LINES.

The will of the late Christian Sommers was filed to-day.

There was an insignificant runaway on East Main street, this afternoon.

The charter members of Darius council, Scottish Rite Masons, will meet to-night.

Born to Mr. and Mrs. Tom Hagen, of No. 279 East Jefferson street, a bright baby girl. Mr. Hagen is a mail agent on the Lake Shore road.

Mr. J. A. Tyler, who resigned a responsible position at Meyer Bros., will leave for Cleveland about May 1. His successor has not yet been appointed.

Judge Chapin will open the superior court again to-morrow. The jury comes in also and the case of Bittinger, administrator of the Miller estate, vs. Trentman is set for trial.

Deputy Sheriff Wilkinson followed the supposed highway robbers to Huntington yesterday, but the fellows got away on a Chicago and Atlantic train to Chicago. The fellows hired a team of Gerding Bros. in this city and drove to Roanoke. There they secured another team and sent the Garding team home.

The city is actually overrun with gamblers and suspicious characters, some of whom were recently expelled from Logansport. This afternoon Marshal Meyer served notice on the crowd to quit the city in side of six hours or be arrested for vagrancy. One man, named Stone, was sent right to the depot. The idle gentry crowd the sidewalks in front of the gambling places these fine afternoons, and lay in wait for victims.

Mr. John Hagen, whose sudden death from heart disease at his home in Lake township, was noted yesterday, was very wealthy and leaves a vast estate. He was also one of the oldest citizens of the county and was highly esteemed and respected. Dr. Kessler, the coroner, made a post mortem examination of the remains and found that death resulted from blood clot in the heart. Mr. Hagan was sixty-six years old and never had the services of a doctor in his life. Mr. Hagen's son and a brother reside in this city.

HARTFORD CITY, Ind., April 11.—Camden, an inland town of about 1,000 people, fourteen miles east of here, was nearly destroyed by fire yesterday morning. Most of the business portion of the place was swept away. The buildings were all frame and the town was without fire engines. The losses are estimated at $40,000, with but little insurance.

Reducing Wages.

MINNEAPOLIS, Min., April 11.—President Thomas Lowery issued last midnight an order reducing the wages of the employes on all the street and cable car lines in Minneapolis and St. Paul from one to four cents an hour. There have been signs of trouble brewing between the company and the men and this is sure to precipitate a general strike.

The drivers and conductors on the Fourth avenue and Lyndale street car lines, struck this afternoon.

IN addressing the legislature of Pennsylvania the other evening, Mr. Andrew Carnegie denounced the Pennsylvania railroad as a rapacious monopoly and told how the Vanderbilts were frightened out of completing the South Pennsylvania road. He declared that the Pennsylvania railroad is supplying the money which the Vanderbilts are paying to the deluded South Pennsylvania railroad stockholders. When monopolists quarrel honest men may get a chance.

COMMUNICATION FROM CITY TREASURER.

I hereby respectfully report that Montgomery Hamilton, on behalf of the heirs of the estate of Allen Hamilton, deceased, has tendered to me as treasurer the sum of $79.37, claiming that the same was the amount due from said estate for the paving of Calhoun street for a distance of land 54 feet in width immediately north of the property owned by the Pittsburg, Fort Wayne and Chicago railroad company. I refused to accept this tender upon the ground that the land had been for many years enclosed and that the same might be considered as a street. I therefore pray that a committee may be appointed to investigate the matter and report their opinion whether the city has any rights or easement in said land, and for instructions as to whether the sum aforesaid should be received by the city or not.

EATON RAPIDS, MICH.

J. M. LOOSE REX CHAPIN CO., Detroit—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing rapidly worse, being by this time completely blind, and in their diagnosis concluded that there was no earthly hope for me, I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract Red Clover. As he had known of it working remarkable cures, I told him I had lost hope, that nothing would do me any good in this world, he insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterwards I sent for two more bottles and it is wonderful how I improved. I continued using it, and today I am better than I have been in years. No sign of Erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence.

Yours Truly,
HENRY MARVIN.

N. B.—My daughter, Mrs. Bishop, of Toledo, was afflicted almost as badly and your Red Clover cured her.

DISEASES OF HORSES.

The Causes of Numerous Diseases and Disagreeable Habits of Horses.

Horses having diseased teeth are hard to keep up in condition, and if poor, it is impossible to fatten them. More horses are blind from diseased, sharp edged and irregular molars than from all other causes. Improper mastication of food produces indigestion, indigestion produces bilo-bound, swollen limbs, staring, or dead like coat of hair, and loss of appetite. Their teeth being in irregular shape, and having sharp edges causes drooling, stopping short, starting suddenly, frothing, slobbering, and especially driving on one rein, and pulling. All these disagreeable habits and primary lessions to disease can be remedied by Dr. Wm. F. Myers, Veterinary Surgeon and Dentist, who will be pleased to see you, explain matters more fully, and relieve your equine pets from their sufferings by his special operation on their teeth. POND'S

EXTRA

OT.

LETTERS FROM THE GOVERNORS.

It is a well-known fact that POND'S EXTRACT is used and recommended by more distinguished people than any preparation or remedy extant.

It is used in the household of the President as well as that of the humblest citizen; by members of the army and the navy, the Bar and the Bench, the pulpit and the press—all ranks and classes of people. To further illustrate this fact we append a few of the more recent letters from Governors of different States:

The Governor of New Hampshire.

GENTLEMEN: I have used POND'S EXTRACT in my family for several years, and have found it a most desirable and valuable remedy. Yours truly, MOODY CURRIER.
Dec. 3, '87.

The Governor of Pennsylvania.

GENTS: POND'S EXTRACT has been a valued reliance in our family for several years, especially in relieving the aches, sprains and bruises incident to children. Very truly yours.
Nov. 30, '87. JAMES A. BEAVER.

The Governor of New Jersey.

DEAR SIR: I have for many years used POND'S EXTRACT, and have derived great benefit and relief therefrom. Yours truly,
Dec. 6, '87. R. S. GREEN.

The Lt.-Governor of Illinois.

GENTLEMEN: POND'S EXTRACT has long had a place in the medicine chest of my family. I assure you that we have found it a ready and reliable agent to relieve pain in many cases, and that very promptly. We cannot well keep house without it.
I am, truly yours,
Oct. 10, '87. J. C. SMITH.

POND'S EXTRACT is invaluable for all kinds of Pain, Inflammation, and Hemorrhages.

Excellence invites imitation. Beware of worthless imitations of POND'S EXTRACT.

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is skimmed down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

An employe of the road discovered the obstruction just before the train was due. He was unable to remove the ties and started east to stop the train. He had no signal, but finding a newspaper in his pocket ignited it, and by waving it over his head brought the train to a stand still, and thus prevented a serious catastrophe.

EAST YARD GOSSIP.

An average of 740 cars per day were handled in the yards last week. This is very fair business for this season of the year.

The east yard office sports a toilet supply outfit furnished by a city laundry for one dollar per month, and said dollar is supplied by divers persons of the office—when they can supply it. The pleasant and urbane agent called yesterday for the necessary linen. He was seen coming up Walton avenue by Harry Gilbert, who happened to think he wanted to look up a car record in a book stored in the attic and immediately climbed up the ladder and was observed from view for an indefinite time. The other clerks did not fare so well, so had to face the music or in other words, "stand him off." Frank Walker offered to put up his watch, but as the Waterbury is so small and barely visible to the naked eye on a cloudy day, the agent would'nt have it. However, after considerable persuasion, he was induced to extend the time till the 17th, on account of it being more convenient on general principles.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

WASHINGTON, April 10.—Mr. Walker Blaine had a consultation this morning with Secretary Tracy and Commodore Walker concerning the Samoan agreement, and a cable dispatch was sent to the commander of the Richmond, now off the coast of Brazil, countermanding her orders to go to Samoa.

BAD COMPLEXIONS.

The Secret of Their Cause Fully Explained—Why Ladies are Sallow and Men Pallid—Some Valuable Facts on the Subject.

In passing along the leading streets in almost any city in America, rich and poor, men, women and children, but few ladies who have clear complexions. Many persons have tried to account for this sad fact because of the severe climate, but such reasoning is wrong. A bad complexion is caused by impure blood, and no lady can be really beautiful and no man ruddy, who has diseased or impure blood.

The best known way of keeping the blood pure is by keeping it circulating. In this way it passes rapidly through the lungs, kidneys and liver, and is constantly purified. But suppressing the system in any way as it frequently the case, then of course the blood becomes impure. Then far too often men and women take some powerful purgative pill or other substance, that clears the body quickly, weakens the strength, and leaves the system in worse condition than before. The only sensible way is to take a gentle, pure and natural purgative, moderately but regularly, and this highly known medical authorities of the day agree that the genuine imported Carlsbad Sprudel Salt is infinitely superior to any other natural preparation known to the world. It is gentle, yet stimulating; it is pure, yet powerful. Obtaining only natural properties, being evaporated from the celebrated Carlsbad Sprudel Spring, it cannot injure the body in the least, and yet it has more power to cleanse the entire blood and thus clear the complexion. Hundreds of doctors have given it their unqualified endorsement. Hundreds of people go each year to the Carlsbad Springs, but they can obtain no greater benefit than by taking the Carlsbad Sprudel Salt in its powdered form, such as can be procured at any drug store in the land. When it is considered that the Carlsbad Salt costs practically little more than the cheap, questionable and often injurious Salts, purgatives and Bitter Waters that are in the market, one hating being subjected for nearly a month, all persons who keep pace with the times and desire only what is best, will see that it is to their interest to use only the genuine. Each bottle is in a light blue paper cartoon and has the signature Eisner & Mendelson Co., sole agents, on every bottle. One bottle mailed upon receipt of one dollar. Dr. Tobold's lecture and pamphlets mailed free upon application. Eisner & Mendelson Co., 6 Barclay St., New York.

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is distributed around and confined in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and will allow hot air pipes to be taken from the top instead of the side of the casing as in all other furnaces.
